Education

Rutgers University Sept 2017 – Dec 2020 // New Brunswick, NJ

GPA: 3.8 / 4.0

B.S. Computer Science

Minor: Business Administration

Relevant coursework AWS Developer Associate, Intro to CS, Data Structures, Computer Architecture, Discrete I & II, Systems Programming, Design & Analysis of Algorithms (S'20), Operating Systems (S'20), Physics I & II, Calculus I & II, Linear Algebra, Statistics, Intermediate Statistical Analysis (S'20), Management, Marketing, Financial Accounting, Business Analytics & IT, Finance (S'20)

Work Experience

Software Engineering Intern @ Audible, Inc.

Summer 2019 // Newark, NJ

Worked with iOS core team of 30+ members and smaller sub-team to expand home page modules. Used Swift and Objective-C and worked with fetch requests to retrieve local/network data. Validated work through unit tests. Also wrote articles for Audible Insider blog and volunteered for Audible Cares and Girls Who Code events.

iOS Mentor @ Rutgers University Mobile App Development Club

Spring 2019 – Present // New Brunswick, NJ

Marketing Coordinator, Mentor @ Rutgers University FizzBuzz Club

Spring 2019 – Present // New Brunswick, NJ

Projects

User Level Memory Management

Spring 2020 // Rutgers University

Built a user-level, multi-level page table to translate virtual to physical addresses and a translation lookaside buffer (TLB) to implement a virtual memory system.

Fitness Tracker App

Spring 2019 // Rutgers University Mobile App Dev Club

iOS application built with Swift that tracks daily fitness logs containing reps, weights, sets per exercise. Worked with backend and Android team to design and execute a plan to create application.

Prediction Challenge

Spring 2018 // Rutgers University

Used R to predict future political preference based on analysis of training data set of previous political preferences v. unusual behavioral characteristics. Created 97% accuracy model using R Part and cross-validation.

Skills

Programming Languages

Java, C, Swift, HTML/CSS, R, Objective-C, Python

Tools

Git, AWS, XCode, Eclipse

Awards & Certifications

SAS Excellence Award

Fall 2017 – Present

Dean's List

Fall 2017 – Present

International Korean-American Studies Youth Fellowship Winner
Summer 2016

Activities

Alpha Omega Epsilon sorority for women in STEM

Undergraduate Student Alliance of Computer Scientists

Rutgers University Powerlifting
